Hi Everyone,

This coming Saturday July 23<sup>rd</sup> we'll again be meeting at the EOC downtown. (The agenda has a link to google maps) The day will start with a guest speaker, Patrick Horton from the DWP's Office of Emergency Management. I realized that we had never spoken with anyone from what will certainly be a very important player in any city emergency like an earthquake or other natural disaster.

If we're going to be effective we're going to have to start promoting the Alliance to NCs and city departments. After Patrick we'll discuss how we can do that.

Lastly, we've talked about it previously but I think this time everyone has to come prepared to volunteer for some committee or other action group outside the meetings.

Remember, if you bring beverages (coffee, etc) they must be in a container with a top. No open cups will be allowed. (The carpet is still new)

Lastly, I've attached a copy of the agenda and the parking pass.

See you all Saturday morning. Until then remember, be careful if you're going to be out and about in the heat.
