

## Low-cost Fire Extinguisher Recharge/Check Day in North Hills West

Date: Saturday, October 10th (Est.)

Time: 9am to 5pm

Place: New Horizons parking lot enter off HASKELL Ave

**Time for everyone to get their fire extinguishers checked and charged!  
And for only \$10 an extinguisher!**

How long has it been since your household had their fire extinguishers checked out? What most don't know is that fire extinguishers need to be checked yearly. Even if it says it's charged, *it may still not work!* After a period of time, the powder gets caked on the bottom and may not work just when you need it.

So as a public service we are hosting a day for you to bring your fire extinguishers in to be serviced...and for cheap!

- \$10 *per Extinguisher* for checking, charging and tagging
- \$65 for a new extinguisher
- RSVP with the amount of Fire Extinguishers you will be bringing. 1 ticket = 1 Extinguisher (So if you are bringing 3 Extinguishers, you would RSVP with 3 Tickets)
- Please bring cash
- Label each with name and number and leave them for pickup later that day

Look for the Neighborhood Council canopy in the main parking lot

A fire extinguisher demonstration from one of our local fire fighters TBD.

Please email with any questions, Thanks and stay safe!

ABC types only, any size, for on site.

Other types will be handled off-site and may cost more.

Please click on link below for more information.

Must register at Eventbrite to participate:
