Domain Expiration protection \$10.00 per domain name

Saves you from losing your expired domain due to incorrect credit card, failed billing, or outdated or incorrect contact information.

This is Janine the one you spoke last time in renewing your service for the NHWNC.NET website forwarding. I just want to let you know Mr. David that your bank did not allow us to charge for the private registration of your domain which as we discussed last time it cost \$55 for the privacy of your domain for 5 yrs. As you can see, we were supposed to charge a total of \$115 for the renewal of website forwarding and purchased of private registration but the payment that did go through is for the renewal. Thus, we need to purchase again the private registration to secure your domain name information from any fraudulent hackers.
