Dear Madlena,

I am sadly resigning from my position with the North Hills West NC, effective immediately; I have done my best with trying to improve and do my best to support this community. I wish more people would become more involved and not try to scam against the City's budget and resources. Also, I feel that many of my ideas were not supported, but despite any of that, I stayed for the stakeholders.

I commend all who work hard to give this community their best. It has been a pleasure being involved with such a diverse group of people, I too have learned so much. There are many obstacles in this area and issues to work out. The gas leak is affecting the valley communities, along with the homeless crisis. Businesses are suffering from competition of tented businesses, allowed by our Mayor; so many distressing issues.

I hope to work together again in the future!

Best regards,  
Kreshell Ramey
