Hydee Feldstein Soto, Los Angeles City Attorney
hydee.rose@lacity.org

Hello and thank you for your time to hear from North Hills West Neighborhood Council. We have heard there may be changes to the Neighborhood Prosecutor Program and we (NHWNC and stakeholders) would like to provide input for you and/or your staff on any changes to the very successful Neighborhood Prosecutor Program. The most productive and sensible aspect of the current program is having an embedded / in-place Prosecutor who is familiar with the area, its issues and resources, and who is available to engage regarding the issues.

We have countless examples of how efficient and cost-effective this has been having a dedicated contact who is familiar with the issues, history of issues and prosecutions in Our community they can contact for help in resolving problems compared to trying to work with a general number downtown. Our current Neighborhood Prosecutor, Alin Sahagian, has been very helpful. We readily offer you the opportunity to avail yourself of such community input.

Thank you,
North Hills West Neighborhood Council
